IsiKhokelo esipheleleyo kwiSoulwinning

1. Ukulungiselela

Phambi kokuba siye kushumayela ivangeli, kufuneka sisoloko sizinika **ixesha lokuthandaza** ukuze uThixo asikhokele, avule iintliziyo zabantu, asikhusele, njalo njalo. Umthandazo ke ngoko ubaluleke kakhulu.
Ukuba unamakhadi e-youtube okanye amaphecana evangeli, ungazinika abantu xa usiya kuthoba umphefumlo.
Le yeyona ndlela ibalaseleyo yokuqalisa incoko ngevangeli.

ISoulwinning inokwenziwa ezitratweni ngokuthetha nabantu ngendlela yobuhlobo (ngokukodwa umntu-nomntu), okanye kuyo nayiphi na indawo, okanye ngokuya kwindlu ngendlu (ngokunkqonkqoza emnyango). Kuhlala kulungile ukuhamba neqabane elisindisa umphefumlo, ukuze umntu omnye athethe yonke into ngelixa omnye ethandazela ukuguqulwa kwabantu.

Hlala ukhumbula ukuba liLizwi likaThixo kuphela elinamandla okusindisa imiphefumlo (ngokweyiseka koMoya oyiNgcwele ezintliziyweni zabantu ngelixa besiva iivesi zishunyayelwa).

IBhayibhile isixelela oku kwiZenzo 4:29 : “Ngoku ke, Nkosi, zikhangele izisongelo zabo, ubanike abakhonzi bakho ukuba balithethe ilizwi lakho ngako konke ukungafihlisi.”' nakwindinyana 31 : “Baza bathandaza, bathi: Yazanyazanyiswa indawo ababehlanganisene kuyo; Bazaliswa bonke nguMoya oyiNgcwele, balithetha ilizwi likaThixo ngokungafihlisiyo. "
Siyabona kwesi sicatshulwa ukuba amandla uThixo awawanika abapostile ukuba bashumayele iLizwi lakhe ayemakhulu kangangokuba indawo yazamazama! (Kwala mandla omoya amangalisayo ayafumaneka kuthi namhlanje ngeBhayibhile ye-KJV kunye noMoya oyiNgcwele ophila ngaphakathi kwethu.)

KwabaseRoma 10:17 : “Ngoko ke ukholo luphuma eludabeni, udaba ke lukho ngelizwi likaThixo.
Lilizwi likaThixo elisisindisayo, kwaye abantu abalahlekileyo badinga umntu osindisiweyo ukuze abacacisele iindaba ezilungileyo. Ivesi ithi ngokucacileyo: “ukholo luza ngokuva”, nto leyo ethetha ukuba umntu kufuneka acacise isigidimi sevangeli kubo esebenzisa iindinyana ezicacileyo ezingosindiso oluphuma eBhayibhileni.

Ukuqukumbela, akunakwenzeka ukufumana umntu osindisiweyo ngaphandle kokusebenzisa iivesi zeBhayibhile kwaye ngaphandle kweengcaciso ezicacileyo kwiivesi ezivela kumntu osele ekholelwa kwaye oqondayo iindaba ezilungileyo. Kwakhona, phawula ukuba, sifanele sibe nemfesane kwabalahlekileyo ukuze umntu esifikelela kuye azive uthando lwethu aze abone umnqweno wethu wokuba basindiswe.

Kulumkele ukusebenzisa iKing James Bible (KJV) ngolwimi lwesiNgesi kuphela. LiLizwi likaThixo eliphefumlelweyo neligciniweyo lesiNgesi yaye likuphela kwenguqulelo ethembeke ngokwe-100% kwimibhalo yantlandlolo (ITextus Receptus ngesiGrike (kaBeza yowe-1598) nombhalo weMasorete ngesiHebhere (owe-1525 kaBomberg). Iinguqulelo zale mihla zeBhayibhile zonakaliswe kukonakala kwaye azinakusindisa mntu (ukuba yimbewu enokonakala - 1Petros 1:23).

2. Ukuqalisa incoko (ingakumbi nomntu ongamaziyo)

Zazise ngoncumo – Baxelele ukuba wena (kunye neqabane lakho) ningamaKristu (amaBhaptizi okanye ngokulula ''amakholwa eBhayibhile'' hayi amaNgqina kaYehova okanye ihlelo elithile). Buza loo mntu ukuba ungumKristu na. Baxelele into efana nale: Ubomi bufutshane, kwaye siya kufa sonke ngenye imini. IBhayibhile ithi inye kuphela indawo ezimbini esinokuya kuzo emva kokuba sifile: iZulu nesihogo. Ukuba ungafa namhlanje, ngaba uqinisekile nge-100% ukuba uya kuya ezulwini? Ukuba umntu uthi uqinisekile ukuba uya kuya ezulwini, mbuze:

Ucinga ukuba umntu umele enze ntoni ukuze asindiswe (okanye, Wazi njani)?
(Umntu kufuneka athi usindiso lungobabalo kuphela ngokukholwa kuKristu, kwaye ubomi obungunaphakade sisipho sasimahla). Kungenjalo, babonise iindinyana zeBhayibhile kolu cwangciso lungezantsi. Emva koko

ugqibile ukufunda nokubacacisela igospile, unokubuza imibuzo ethile ukuze ubone ukuba bayakholelwa na kwizinto ezizizo ngosindiso (Buza imibuzo ekwinqaku lesi-5 ngezantsi).

Ukuba abaqinisekanga nge-100%, okanye abanalwazi:
Babuze umbuzo ofana nalowo ukwingongoma engaphambili ukuze ufumanise oko bakholelwa ukuba bafanele bakwenze ukuze basindiswe. (Khumbula ukuba ithini impendulo yaloo mntu, oku kuya kukunceda ukuba umbuze ngakumbi ekupheleni kwentetho.)
Emva koko uthi, "Ndingakubonisa eBhayibhileni indlela onokuqiniseka ngayo?"
- Ukuba bathi banexesha kwaye banomdla, qalisa ukufunda isicwangciso.
- Ukuba bathi banexesha elincinane okanye abanalo, baxelele: Akukho ngxaki.
Ndingakunika isishwankathelo esifutshane sevangeli? (Babonise iivesi ezinengcaciso ekhawulezayo).
Shwankathela iindawo ezi-4 zevangeli kubo. (Jonga inqaku lesi-4 kolu xwebhu).
Ukuba umntu akanaxesha okanye akanamdla, mshiye nevesi enye (Yohane 3:36, IZenzo 16:31, okanye amaRoma 10:9) kunye / okanye ikhadi likaYouTube.

Qaphela ukuba ngamanye amaxesha, nokuba umntu uthi akanamdla okanye akanaxesha elininzi, uya kuba nomdla wokumamela ivangeli yonke emva kokuba unike ivesi enye okanye ngaphezulu. Abanye abantu baneentloni kakhulu, ke amakhadi e-youtube lukhetho olukhulu lokuqalisa incoko.

Iivesi ezifanayo (okanye eziyeleleneyo) zifanele ukukhankanywa kuyo yonke intshumayelo yevangeli, ngakumbi ngolandelelwano oluchanekileyo. Kubaluleke kakhulu ukulandela ulandelelwano olunengqiqo kwintetho yakho. Ngokuquka iindinyana ezithetha ngesono (1), isihogo (2), umgwebo (3), uthando lukaThixo (4), iindaba ezilungileyo (5), usindiso ngokholo kuphela kuYesu Kristu (6), usindiso lukhululekile. isipho kwaye ayinakuze ilahleke (7). Ewe, olu luluhlu lomzekelo, ungasebenzisa ezinye iivesi ozithandayo kwinkcazo yakho. Kwakhona kuyimfuneko ngamanye amaxesha ukuhlengahlengisa iindinyana ukuze zihambelane nomdla okanye ukuqonda komntu. Unokusebenzisa iindinyana ozikhethelayo ukuba umntu ufuna ingcaciso engakumbi kwingongoma ethile. Ungazilahla nokuba zingxamile.

Ingcebiso enkulu kukubeka uludwe lweendinyana zomphefumlo kwibhayibhile yakho okanye kwinqaku elincangathi onokuthi ulijonge ngelixa usenza umphefumlo ukuze ukhokele ukusuka kwivesi ukuya kwivesi. Unokuphawula iindinyana ezilandelayo eludinini lweBhayibhile yakho. Ngokomzekelo, ecaleni kwabaseRoma 6:23 ku

iBhayibhile yakho, bhala phantsi ISityhilelo 21:8. - ngoko uyazi ukuba yiyiphi ivesi omele utyhile kuyo. Ikhawulezisa yonke inkqubo kwaye ikuncede ufumane ivesi elandelayo omele uyifunde.

Kakade ke, eyona nto ilungileyo kukwazi ukulandelelana kweendinyana ngentloko. Ifuna uphinda-phindo oluninzi kodwa iya kuzizela inamava.

4. Ukwahlulahlula iivesi ngokweengongoma ezahlukeneyo

1. Sonke singaboni kwaye sigwetyelwe esihogweni

KwabaseRoma 3:23, Roma 6:23, ISityhilelo 21:8

Ezi ndinyana zibonisa ukuba sonke singaboni yaye sigwetyelwe esihogweni. Akukho bantu balungileyo kwaye akukho mntu unokusindiswa ngemisebenzi yabo. Sonke sithethe ubuxoki (KwabaseRoma 3:4) kwaye senze into engalunganga ukuze sonke sifanelwe ukuya esihogweni sohlwaywe ngenxa yezono zethu. UThixo ulilungisa kwaye kufuneka agwebe izono zethu. Ewe, uThixo naye uyasithanda, ngoko akafuni ukuba siye esihogweni- ufuna ukusisindisa ezonweni zethu kunye nemiphumo yazo (eya kuphoswa esihogweni ngonaphakade).

2. UThixo uyasithanda, kwaye usinika inkululeko ngoNyana wakhe uYesu Krestu

AmaRoma 5: 8, *(Mateyu 1:21 kunye neyoku-1 kaYohane 5: 7, 1 Yohane 2: 2, Roma 8:34 - *iivesi ozikhethayo).

Ngezi ndinyana sibonisa ukuba uThixo uyabathanda aboni. Sikwachaza nokuba ungubani na uYesu: nguNyana kaThixo (owazalwa yintombi enyulu uMariya) – noThixo wabonakalaliswa esenyameni. Kwakhona kunokwenzeka ukucacisa uBathathu Emnye (1Yohane 5:7). UYesu nguNyana kaThixo kwaye ukwanguThixo. UBathathu Emnye unabantu aba-3 kwaye benza uThixo omnye (uYise, uNyana, noMoya oyiNgcwele). Ziphe ixesha elongezelelekileyo lokucacisa le ngongoma nomntu ongamaziyo uYesu Kristu. Emva koko sibonisa ukuba uYesu wasifela kwaye wazithwala zonke izono zethu emnqamlezweni. Yena

akazange one waza wafa emnqamlezweni ukuze ahlawule zonke izono zethu ukuze sixolelwe. Wangcwatywa, waza wavuka kwabafileyo ngomhla wesithathu. Wabuya wavuka enyameni, wabonwa ngabaninzi kubafundi bakhe. Kwakhona wabonisa imingxuma ezandleni zakhe kuTomas kwaye wabonisa ukuba uyaphila kwaye uphilile. Emva koko wenyuka waya ezulwini.

Xa unikela iindaba ezilungileyo, soloko ugxininisa ekufeni, ukungcwatywa, nokuvuka kukaKristu njengentlawulo (isicamagushelo) sezono zethu, kuba sisiseko seendaba ezilungileyo.

(1 Korinte 15:1-4).

3. Usindiso lungokholo kuphela- olungenamisebenzi Izenzo

16: 30-31, Efese 2: 8-9

Ngezi ndinyana, sicacisa indlela esinokusindiswa ngayo nokuxolelwa kwezono zethu. Abonisa ukuba kuphela ngabo bathembela kuKristu njengoMsindisi abaya kufumana ubomi obungunaphakade baze baye ezulwini.

Gxininisa ukuba usindiso lungokholo kuphela kwiNkosi uYesu Krestu (ngokwamkela ivangeli njengentlawulo yezono zethu nangokubeka lonke ukholo lwethu nokuthembela kuYe yedwa njengoMsindisi ngokumcela ukuba asisindise). Eyethu imisebenzi ayinakusisindisa, nguYesu kuphela onokusisindisa. Kufuneka sibeke lonke ukholo lwethu (ukuthembela) kuKristu kuphela.

Cacisa ngokucace gca ukuba usindiso lungokholo lodwa hayi ngemisebenzi yethu (efana nokujika ezonweni zethu, okanye ngobhaptizo, okanye ngokuguqula ubomi bethu (ukujika igqabi elitsha), okanye ngokujoyina ibandla, njl. Usindiso lufumaneka ngobabalo lukaThixo kuphela, hayi ngemizamo yethu okanye imisebenzi yobulungisa. Cacisa amagama athi "ukholo/ukholo (ukuthembela) kunye "nobabalo" (ubabalo olungafanelekanga). Kwakhona chaza ukuba ubomi obungunaphakade sisipho (kwaye isipho sisoloko simahla) kwaye asinakuze sihluthwe nangasiphi na isizathu wakuba usifumene.

4. Usindiso lungunaphakade kwaye alunakulahleka

AmaRoma 6:23 (isiqingatha sesibini), Yohane 3:15-16, *(Tito 1:2, Yohane 1:12, Yohane 10:27-29 *ngokuzikhethela)

Ezi ndinyana zingqina ukuba usindiso lungunaphakade. UThixo usoloko ezigcina izithembiso zakhe. Emva kokuba uThixo emsindisile umoni okholwayo, uya kusindiswa ngonaphakade. UThixo usinika isipho sobomi obungunaphakade, hayi ubomi bethutyana. Ubomi obungunaphakade buthetha "ubomi obuya kuhlala ngonaphakade". Ngapha koko, xa sithe saba ngabantwana bakaThixo, siya kuhlala sisindisiwe nokuba senza ntoni na. Kanye unyana, uhlala engunyana.

Nika umzekelo osebenzayo wale nyaniso. Cacisa ukuba xa senze into engalunganga (efana nesono esinzulu) emva kokusindiswa, uThixo uya kusohlwaya kulo mhlaba, kwaye siya kulahlekelwa.
imivuzo ezulwini - kodwa soze siphulukane nosindiso lwethu. Kwakhona, siya kuvuzwa ukuba senza imisebenzi emihle sakuba sisindisiwe. UThixo akanakuze asithumele esihogweni xa sele singabantwana bakhe. Cacisa ukuba usindiso (ukuzalwa ngokutsha) sisiganeko sexesha elinye kwaye asinakuguqulwa.
UThixo uthembekile. Uthembise ukugcina onke amakholwa esindisiwe ngonaphakade kwaye awasayi kuze atshabalale. Ukuba umntu ukholelwa ukuba unokuphulukana nosindiso lwakhe - ke akasindiswanga. Kwakhona kubalulekile ukugcina ingqalelo yomphulaphuli xa unikela ivangeli. Babuze imibuzo efanelekileyo kwaye unike imizekelo emininzi kunye nemifanekiso kwiingongoma eziphambili zevangeli. Ezo ndlela ziluncedo ekugcineni ingqalelo yabantu nokuba bayaluqonda na usindiso.

5. Imibuzo omawuyibuze emva kokuba ivangeli iphelile ukuqinisekisa ukuba umntu uye wayiqonda ngokucacileyo ivangeli (Yibhale le mibuzo eBhayibhileni yakho okanye eposini uze uyiphathe).

1. Uyakholwa ukuba wonile? (Roma 3:23; 1 Yohane 1:8)
2. Uyakholwa ukuba uYesu wafa emnqamlezweni wabuya wavuka ukuze ahlawulele izono zakho? (1 Yoh. 2:2)
3 Ngokwale nto ndikubonise yona eBhayibhileni, yintoni okholelwa ukuba simele siyenze ukuze sisindiswe? (Kholwa (kholosa) kuKristu njengoMsindisi - iZenzo 16:31, Roma 10:9)
4. Uyakholelwa na ukuba ukuthembela kuKristu kuphela okulungileyo ngokwaneleyo okanye uyakholelwa ukuba kufuneka senze enye into ukuze sisindiswe (njengemisebenzi emihle, ukuguquka kwizono zethu, ukubhaptizwa, njalo njalo)? (Ukukholwa/ukholo lulodwa lwanele. Imisebenzi ayinakusisindisa. KwabaseRoma 4:5, Efese 2:8-9).
5. Ngaba uyakholelwa ukuba ikhona into onokuyenza ukuze uphulukane nosindiso lwakho? (Hayi- Ubomi obungunaphakade sisipho sasimahla esingasokuze sihluthwe xa sithe sabufumana – Yohane 10:27-28).

Iimpendulo zemibuzo zikwizibiyeli (zamkela iimpendulo ezifanayo). Bonisa umntu ukuba akanakuze aphulukane nosindiso lwakhe xa sele ekholiwe, nangenxa yesono esinzulu.

Ukubuza imibuzo kubalulekile! Ukuba awubuzi imibuzo, awuzukwazi ukuba umntu uyayiqonda na ivangeli. Kwakhona, awuzukwazi ukuba umntu uyayikholelwa ngokwenene na okanye ufuna iindinyana ezongezelelweyo okanye ingcaciso eyongezelelekileyo kwindawo ethile yevangeli .

Ukuba umntu uphendule ngokuchanekileyo kumbuzo ngamnye, yiya kwinyathelo elilandelayo. Ukuba loo mntu unike impendulo ephosakeleyo komnye wale mibuzo, mbonise iindinyana ezongezelelekileyo (okanye iindinyana ezikwizibiyeli) ukuze umenze atshintshe ingqondo yakhe. Ukuba loo mntu akazamkeli izibakala emva kokuba umbonise ezinye iindinyana ezininzi, yeka ukushumayela kuye ngoko nangoko uze uhambe. (Awufuni ukuchitha ixesha lakho uxoxa nabantu abaziphakamisileyo – baninzi abanye abantu abanokufikelela kubo). Cacisa ngokucokisekileyo iingongoma umntu angaziqondiyo ukuba unike impendulo engeyiyo. Bonisa iindinyana ezongezelelweyo njengoko kuyimfuneko.

Qaphela ukuba kunokuthatha ixesha elingakumbi kunye neengcaciso ezingaphezulu kwabanye abantu ngaphambi kokuba ekugqibeleni basindiswe - kuya kufuneka ube nomonde ngamanye amaxesha. Musa ukuthandabuza ukuyimisa incoko ukuba umntu akanamdla wokuva ivangeli (ukuba akayihoyi okanye akayihoyi ivangeli).

6. Ukubiza egameni leNkosi (ukucela usindiso kuYesu)
(Yiphawule phantsi kwibhayibhile yakho okanye kwi-post-ukuba uyithwale xa usenza umphefumlo)

Ngaphambi kokuba uthandaze, kuhle ukuhlolisisa impendulo yokuqala yaloo mntu ngoko wayekholelwa ukuba ufanele akwenze ukuze asindiswe (okokuqala - ngaphambi kokuba intetho iqalise), ukuze khangela ukuba umntu uyitshintshile ngokwenene na ingqondo yakhe. Eli nyathelo liya kubonisa enoba loo mntu uguquke ngokwenene okanye akunjalo. Umzekelo, mkhumbuze loo mntu ngoko wayekukholelwa ekuqaleni uze umbuze ukuba utshintshile na ngoku. Oku kuya kukuvumela ukuba ubone ukuba basiqonde kakuhle na isigidimi. Emva koko dlulela emthandazweni. Le ngongoma IBALULEKE KAKHULU: yindawo yokuguquka kokunikelwa kwegospile. Khuthaza loo mntu ukuba abize egameni leNkosi ukuze asindiswe. Ungacaphula kwabaseRoma 10:9-10 kweli nyathelo. Cacisa kwi

umntu othe wavuma ngomlomo, ekholelwa entliziyweni yakhe, uya kusindiswa. Baxelele ukuba injongo yalo mthandazo kukuba baxelele uYesu ukuba bayakholelwa kuye ngokuthembela kuye ngokupheleleyo ukuze abasindise. Kulumkele ukukhankanya ukuba ukuthandaza ungakholwa akusayi kubasindisa kwaye akuncedi nganto.

Usindiso lunikelwa ngesisa kwaye luqinisekisiwe kwabo bakholwayo kwivangeli yeNkosi uYesu Krestu.

Qala ukucengceleza lo mthandazo ulandelayo nomntu (ubenze baphinde umgca ngamnye emva kwakho).
- Yesu othandekayo,
Ndiyazi ukuba ndingumoni;
Ndiyazi ukuba ndifanele ukuya esihogweni,
Kodwa ndiyakholwa ukuba wafa emnqamlezweni...
-Ndangcwatywa, ndaza ndavuka ukuze ndihlawule zonke izono zam,
Nceda undisindise ngoku, undinike ubomi obungunaphakade.
Ndithembela kuwe wedwa usindiso, kwaye ndikholose ngeyam imisebenzi.
-Enkosi ngokundigcina. Ngegama likaYesu, Amen.

Ukuphela komphefumlo

Xelela umntu lowo ukuba ukuba bakholwa ngokunyanisekileyo kuKristu ngokumbiza ukuze basindiswe, ngoku banobomi obungunaphakade. Bafundele eyoku-1 kaYohane 5:13 okanye amaRoma 5:1 uze ubabuze le mibuzo: Ukuba ubunokufa ngoku, ubuya kuya phi? (Impendulo: Ezulwini)- Khona apho ungasakwazi ukuya khona? (Impendulo: Isihogo). Yiba nemihlali kunye nomntu ukuba ubize egameni leNkosi kwaye uphendule ngokufanelekileyo kuyo yonke imibuzo. Baxelele ukuba, ukuba bayakholelwa kuKristu, baya kusindiswa ngonaphakade yaye, ngokwelizwi likaThixo, baya ezulwini xa besifa. Ngoku banobomi obungunaphakade. Emva koko gubungela ngokufutshane ezona ngongoma ziphambili zobomi bobuKristu: Ufundo lweBhayibhile, ubhaptizo, ukuya kwibandla elilungileyo, ukwenzela uThixo imisebenzi, njl. njl. Imisebenzi asiyonto yosindiso kakade, kodwa iyindlela nje yokuzuza umvuzo wezulu nokufumana imivuzo yasezulwini. abantu abasindisiweyo. ISityhilelo 1: 3 yindinyana enkulu egubungela ufundo lweBhayibhile nokucengceleza (kunye noYoshuwa 1:8-9 kunye neNdumiso 1). Banike ikhadi likayoutube okanye isimemo secawa. -
